

ELECTRONIC DEVICES AND ASSOCIATED PRODUCTS

We are able to supply electronic devices and associated products from a large number of manufacturers, for production. We will be happy to find a local partner for sales in Iraq.

Electronic devices:

- active components;
- passive components;
- optoelectronic components;
- electromechanical;

Associated products:

- GSM modems (OEM);
- GSM high – gain antennas for bad covered areas;
- GPS receivers (OEM) and antennas;
- RF transceiver modules (ISM bands);
- Components (boards) for industrial control PCs;

We supply only new products; we do not supply obsolete products.

Kindly please send your messages to:
